# CROSS SECTOR COLLABORATIONS OFTEN FEELS LIKE

# CROSS SECTOR COLLABORATION SHOULD FEEL LIKE

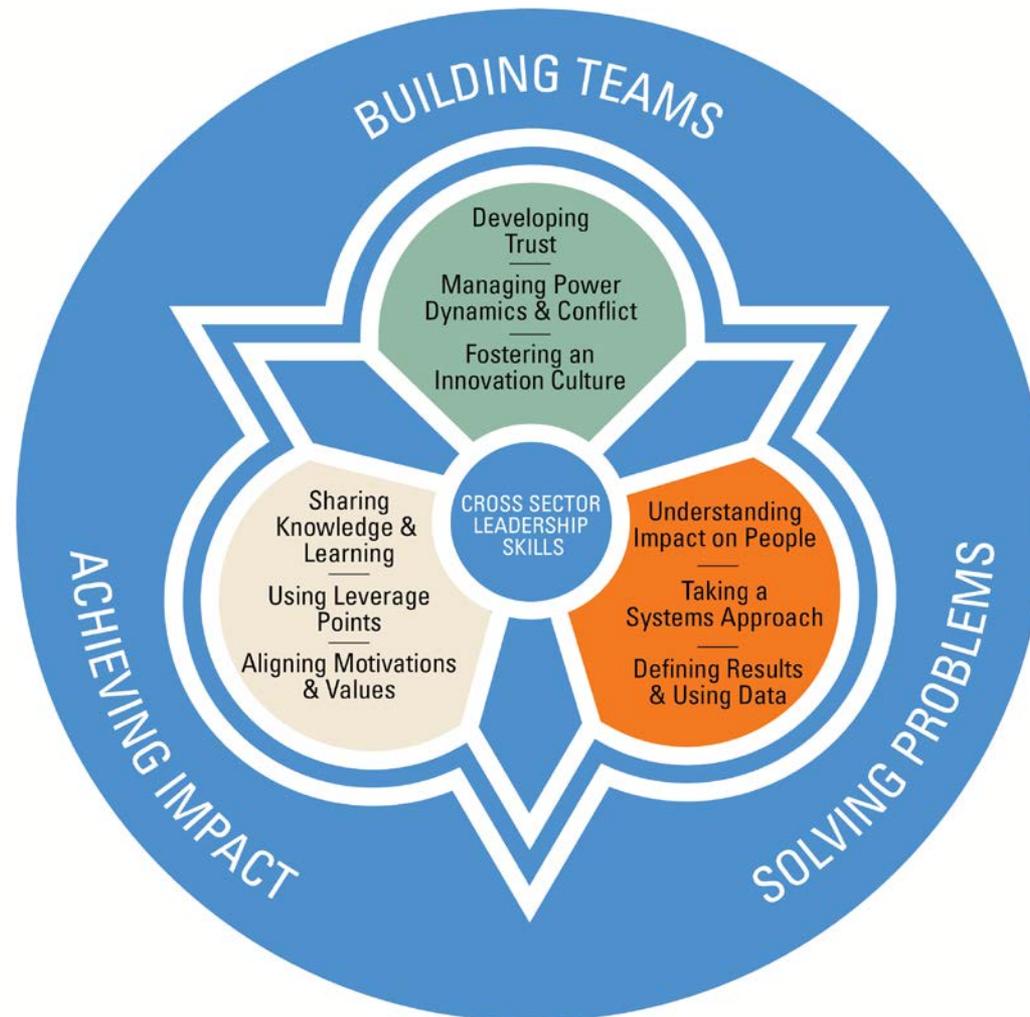

# HOW CAN YOU TELL IF YOUR TEAM IS COLLABORATING?

<b>CO-BLAB-ORATION</b>	<b>COLLABORATION</b>
Focused on assigning blame or taking credit	Focused on outcomes
Stakeholders participate to protect	Stakeholders participate to generate value
Opinions rule	Data is king
Talk exceeds action	Actions emerge from engagement
Informal process	Intentional, rigorous process

# LET'S TALK!

A photograph of the Golden Gate Bridge in San Francisco, California. The bridge's iconic red-orange towers and suspension cables are the central focus, extending from the foreground into the distance. The bridge spans across a body of water, with several white sailboats visible on the surface. In the background, there are rolling hills and a clear sky. The text is overlaid on the upper portion of the image.

If you want to go fast, go alone. If you want to go far, go together.
