PUBLIC SERVICE RECOGNITION WEEK

MAY 3-9, 2020

I serve because...

growing up my family benefited from the opportunities provided by many federal programs. My sister and I are successful, happy, healthy, contributing and engaged members of our communities because we were given the chance to succeed, despite limited resources. Dedicating my life and career to public service is the least I can do to pay it forward and ensure another generation of Americans are able to gain access to equal opportunities to thrive and succeed.

--Chad Davis-Montgomery, USDA Food and Nutrition Service
